

November 22, 2020

Due to the concern by state and federal health officials about family gatherings at Thanksgiving possibly causing a spread of COVID-19, **the B2SN Board has decided to suspend necessary medical rides for two weeks from Thanksgiving until December 10.** We are doing this for the safety of both our volunteers and our members. Contactless services will continue to be offered to members.

We hope to be able to start up medical rides again on December 10th, if the COVID data indicates it is prudent to do so. We will also be doing the same thing for the two weeks following Christmas so there will be a suspension of medical rides from December 24 until January 8.

Let us know if you have any questions by contacting us at 508-470-0585 or baytosoundneighbors@gmail.com.
